Musicians Roster Application Guidelines 2010-2013

Deadline: Wednesday, March 17, 2010

General Information

With funding support from the Los Angeles County Board of Supervisors, the Arts Commission administers the sponsorship of free concerts at community venues throughout Los Angeles County to provide access to quality music programming representing the diversity of County residents. Each of the Supervisor Board Offices provides funds to cover musician's fees for approved concerts in their district at rates comparable to the American Federation of Musician's pay scale for free concerts. The Arts Commission manages the program and administers payment of musicians at rates comparable to those established by the Musicians Performance Fund for free concerts. Concerts are booked with senior citizen centers, juvenile centers, hospitals, museums, civic centers, educational facilities, parks, libraries and other performance venues. Performances must be free and open to the general public.

In our continuing effort to make the arts accessible to Los Angeles County, in 2003 the Arts Commission launched the Musicians Roster, a comprehensive database of performers approved for Free Concerts in Public Sites. It is viewable at www.lamusiciansroster.org and applicants are encouraged to review the contents and format as a reference for both application completion and support material submission standards. Presenting organizations seeking support for music programming are required to select musicians/groups from the Musicians Roster. The Musicians Roster is:

- Used by arts organizations and residents who are looking for music programming.
- A resource that has the potential of increasing bookings and performance opportunities for musicians and groups.
- Representative of diverse musical traditions.

Musicians interested in being considered for the Musicians Roster must submit the Microsoft Word application form available on the Musicians Roster's website by Wednesday, March 17, 2010 (see application instructions on page 2). Music groups approved to the Roster will remain on the Roster for a period of three years.

Eligibility, Requirements and Restrictions

Eligibility

All members of an applicant music group must be adults and play a musical instrument.

Program Requirements

If selected to the Musicians Roster, groups must:

- Be willing to perform up to three times per year in the Free Concerts in Public Sites program at rates established by the Musicians Union.
- Designate a group leader (must be a performing member of group) who will be responsible for administrative requirements of the program. Application Components/Sections

The application consists of several components that either require you to enter text directly or include attachments.

1. **Group Name and Contact Information:** In this section you will provide general contact information for the music group.
2. **Musical Genre and Technical Information:** In this section, you will begin to provide detailed information about your group, including the style of music that you perform, the number of musicians you perform with, and other technical information.

Music Style: Please refer to the Musicians Roster to become familiar with the existing music genres being used to describe and categorize groups. The Arts Commission will make the final determination of your group's music genre(s) based on the music you submit with your support material. Bear in mind the Musicians Roster music categories are designed to be simple and easy for presenters to search through. While many music groups are influenced by multiple styles of music, the Musicians Roster will narrow the description down to one or

possibly two categories. For example, musician Paul Simon has recorded with “world” music artists, but his CDs will be found in “pop/rock.”

Minimum to Maximum Range of Musicians: When giving a minimum/maximum number of musicians in your application, please be prepared to perform in any range of numbers in between. Budgeting a Free Concert is based on the anticipated size of the audience served. Therefore, if you enter 2-6 as your group’s range, your group must be willing to accept a concert as a duo, trio, quartet, quintet or sextet.

3. **Biographical Information:** In this section, you will provide a group description, and relevant biographies about your ensemble. Please use the following guidelines in answering these questions.

Group Description: Please refer to the Musicians Roster for guidance on how to appropriately complete the 1 to 2 sentence description of your group and musical style. Please read several entries on the Roster to get a sense of the editorial style. The content should focus on being descriptive and explaining what music your group plays, not on marketing/advertising your group. Maintaining a neutral tone in the description is highly recommended. Refrain from rhetoric and overuse of adjectives. Bios should be written in the third person (no reference to “we” or “our”). If selected for the Roster, the Arts Commission may edit your group’s bio.

Group and Group Leader Biography: This section will allow you to provide more information about your group’s and individual musicians’ histories and accomplishments. Please be detailed but concise and limit to 500 words or less.

4. **Upcoming Performances:** Please provide information for any of your group’s upcoming performances between March 1 and May 1, 2010, as often times site visits are conducted by Arts Commission staff.
5. **Audio Submission:** In this section, you will provide information about the tracks that you will be submitting for review, including the approximate date they were recorded, the featured musicians, and a brief description of the tracks. Please choose three tracks that best represent your group and list tracks in order that you would like the panel to review them. The audio sample is crucial for evaluating the artistic quality of the applicant. The submitted tracks must have been recorded within the past three years and reflect the group’s current line up.
6. **Publicity Photos (2):** You must submit at least two photos of your group. Photos should be taken within the last 3 years and must be submitted as hard copies and mailed/delivered with your audio submission or saved in a jpeg format with a minimum resolution of 72 dpi and emailed with your application. All photo images must be high quality as this image will be used on the roster should your group be approved.
7. **Letters of Recommendation (2):** You must submit 2 signed letters of recommendation from past performance sites written within the past 2 years which specifically address the selection criterion that the music ensemble is able to work cooperatively with other organizations. The letters must be on the presenting organization’s letterhead with a published address and phone number. The author must be a presenter that hired or worked with your group who is reachable to authenticate it. Thank you letters, individual character reference letters and emails will not be accepted. Letters may be emailed as PDFs with this application form or mailed/delivered to the address above.

Once you have completed the application for the Musicians Roster Program, email the form as an attachments along with relevant supplemental materials to publicevents@arts.lacounty.gov. Audio submissions must be mailed or delivered to
